

CHECKS FOR SUCCESS

Welcome to the Utah Phi Beta Lambda 2011-2012 Program of Work. This year your state officer team has worked hard to create a program of work that will benefit your chapter members throughout the year. *Checks for Success* has activities separated into four specific categories: Service, Education, Networking, and Progress.

In each section, you are given multiple options of activities to complete. As a chapter you will want to complete as many of these activities as possible. The more difficult activities will get you more money (points), but that doesn't mean you should skip out on a smaller activity. Once you have completed an activity, you will need to have it signed by a state officer not in your chapter. You will need to report on your experience in order to have it completed.

Opportunities to have a state officer sign your checks include attending the Fall Leadership Conference, inviting a state officer to attend an activity or meeting, or attending any of the high school region competitions. If we miss you at any of the activities, you can also have them signed at the State Leadership Conference in the Spring.

The chapter that earns the most points will receive a cash prize. *In the event of a tie, the winner will be determined by the highest membership percentage in attendance at the State Leadership Conference.*
